

Crusoe Secondary College, Bendigo

Construction of a new \$20 million secondary college in the regional Victorian city of Bendigo.

Kane Constructions was awarded the lump sum contract to construct the new Crusoe Secondary College in May 2008. Funded by the Victorian State Government as part of the Bendigo Education Plan, the project involved partial demolition of the former Kangaroo Flat Secondary College and construction of a brand new facility.

New buildings included a Community Learning Hub, a Gymnasium, Technology Centre, Performing Arts building, Administration Centre and Global Learning Centre.

Designed by Hassell architects, the new school was completed in early 2010 to allow students to occupy for Term 2.
