

Dalby Aquatic Pool

Construction of a new state-of-the-art aquatic centre in Dalby, in Regional Queensland.

The centre was constructed in Patrick Street on the existing town swimming pool site adjacent to the outdoor pool complex.

The development featured an indoor heated six lane pool, a learn to swim ledge, kiosk, spectator seating, change rooms, public lockers, male, female and disability amenities and a wheelchair access ramp.

The lump sum contract was awarded to Kane Constructions following a competitive tender process.
