

## Stromlo Leisure Centre

In 2018, Kane ACT was awarded the \$36 million Design and Construct Stromlo Leisure Centre project. The leisure centre provides a health and fitness facility for the region of Stromlo, Canberra and the wider community.

Project works included:

- Eight lane 50 metre lap swimming pool
- Twenty metre program/warm water multipurpose pool,
- Exercise and rehabilitation area
- Front out house, amenities
- Plant/store rooms
- Circulation areas
- Splash park
- Gymnasium

The new state of the art facility currently has the longest spanning Glulam timber beams in the southern hemisphere and will provide a connection between the building and the natural landscape of the Stromlo Forrest Park.

The project reached Practical Completion in June 2020.
