

The Professor Lynn Corcoran Early Learning Centre

In March 2017 Kane was awarded the Design and Construct contract to deliver the Professor Lynn Corcoran Early Learning Centre.

The centre consists of a five-level 100 place early childhood centre for children aged three months to six years located at the Walter and Eliza Hall Institute in Parkville, Melbourne.

A first of its kind for a medical institute in Australia, the new facility provides:

- A flexible, multi-purpose space suitable for combined activities, play groups, health and consultation services
- Six large rooms serviced with bathrooms, staff rooms, arts spaces and storage areas
- Access to shaded, external play areas
- Long day care and an early learning centre incorporating three-year old and four-year old kindergarten programs
- The opportunity for play groups, health and other services

This project reached Practical Completion in the second quarter of 2018.
